LIST OF CONTRIBUTIONS

TO

Geology, Palæontology, &c.,

By Mr. H. M. AMI,
of the Geological Survey of Canada, Ottawa,
from 1882 to 1901.

COMPILED BY H. M. A.

July, 1901.

Z 6071
M

PRINTED BY THE CANADA ENGRAVING & LITHOGRAPHING COMPANY,
MONTREAL, CANADA, AUGUST, 1911.

CATALOGUE AND INDEX OF CONTRIBUTIONS IN GEOLOGY, PALÆONTOLOGY, ETC., OF MR. H. M. AMI, FROM 1882 TO JULY, 1901.

1882.

1. —with W. P. ANDERSON AND W. R. BILLINGS. Report of the Geological Branch of the Ottawa Field-Naturalists' Club for the season of 1881, addressed to the Council of the O. F. N. C. Trans. Ottawa Field-Naturalists' Club, No. 3, pp. 19-21, Ottawa, 1882.

2. NOTES ON AN EXPOSURE OF THE POTSDAM FORMATION AT BUCKINGHAM BASIN, LIEVRE RIVER, QUE. Read December 9th, 1881, before the Ottawa Field-Naturalists' Club, Ottawa.—(Abstract.) Trans. O. F. N. C., No. 3, p. 39, 1882.

3. THE UTICA SLATE.—Trans. Ottawa Field-Naturalists' Club, No. 3, pp. 61-66. Read March 10th, 1882, O. F. N. C., Ottawa.

4. THE UTICA SLATE FORMATION IN CANADA.—(Abstract.) Can. Nat. & Quart. Journ. Sci., vol. 10, No. 3, p. 192 (1-2 p.), April 25th, 1882, Montreal, Que.

1883.

5. REPORTS ON COLLECTIONS OF FOSSILS from Gaspe, Blow-Hole, Perce; Marsoum River, Little and Grand Michaud Pt.; Ste. Anne River, Long Pt.; Little White River, Tartigo River and Gagnon's Beach. Report D D, pp. 7, 8, 9, 14, 17, 22, 23, 25, 26, 27, 28, 29, 30, Rep. of Progr., 1880-1-2, Geol. & Nat. Hist. Surv. Can. 6th March, 1883.

6. —with W. P. ANDERSON AND HENRY WALTERS.—Report of the Geological and Mineralogical Branch for the season of 1882. Trans. O. F. N. C., No. 4, pp. 64-66. Read Jan. 19th, 1883, O. F. N. C., Ottawa.

7. NOTES ON TRIARTHRUS SPINOSUS, BILLINGS.—Trans. O. F. N. C., No. 4, pp. 88-89, plate (1 fig.) and one woodcut. Separates.

1884.

8. LIST OF FOSSILS FROM OTTAWA AND VICINITY.—Trans. O. F. N. C. No. 5, vol. 2, No. 1, pp. 54-62. Read before the O. F. N. C., January 7th, 1884, Ottawa.

8a. A CLASSIFIED LIST OF CAMBRO-SILURIAN AND POST-TERTIARY FOSSILS FROM OTTAWA AND VICINITY.—Trans. O. F. N. C., No. 5, Vol. 2, pp. 54-62. 253 species. O. F. N. C., Ottawa. (Separates, pp. 1-10.)

9. REPORT OF THE GEOLOGICAL SECTION FOR THE SEASON OF 1883.—Addressed to the Council of the Ottawa Field-Naturalists' Club. Read January 17th, 1884. Trans. No. 5, Ottawa Field-Naturalists' Club, vol. 2, No. 1, pp. 118-121, Citizen Ptg. & Pub. Co., 1884, Ottawa.

1885.

10. REPORTS ON COLLECTIONS OF FOSSILS made by Dr. R. W. Ells and Mr. A. E. Barlow from various localities in the Gaspe Peninsula, accompanying Dr. R. W. Ells's "Report on Explorations and Surveys in the Interior of the Gaspé Peninsula," 1883, at pp. 23F, 24F, 26F, 27F, 30F, in Geol. Surv. Can., Report of Progress, 1882-3-4, published 1885.

11. ADDITIONAL NOTES ON THE GEOLOGY AND PALÆONTOLOGY OF OTTAWA AND VICINITY.—Read March 4th, 1885. Trans. Ottawa Field-Naturalists' Club, No. 6, vol. 11, No. 11, pp. 251-259. Ottawa. Separates issued.

12. NOTE ON THE GEOLOGY OF OTTAWA CITY.—In Dr. G. M. Dawson's chapter, The Dominion of Canada, pp. 51-82 of Macfarlane's Railway Geological Guide, Appleton & Co., New York City, 2nd edition, 1885.

1886.

13. DETERMINATIONS OF FOSSIL ORGANIC REMAINS, embodied in "Report of Explorations and Surveys in portions of the Counties of Carleton, Victoria, York and Northumberland, New Brunswick, 1885. By L. W. Bailey." Geol. & Nat. Hist. Surv. Can., vol. 1 (new series) Ann. Rep., pp. 15, 16, 19-25, 1886, Montreal. Published by authority of Parliament.

13a. DETERMINATIONS OF FOSSIL ORGANIC REMAINS from the North Kootenay and Crow's Nest Passes, pp. 63B and 72B, same Report. Annual Report, Vol. 1, 1886.

14. THE GREAT ICE AGE AND SUBSEQUENT FORMATIONS AT OTTAWA, ONTARIO.—CAN. MIN. REVIEW. (a) Vol. 5, No. 2, p. 91; (b) vol. 5, No. 3, pp. 10-13.

1887.

14a. *Ibid.* THE OTTAWA NATURALIST, or Trans. O. F. N. C., vol. 1, No. 5, pp. 65-74, No. 6, pp. 81-88, September, 1887, Ottawa.

15. —with T. W. E. SOWTER.—"Report of the Geological Branch—Palæontology and Stratigraphy" (addressed to the Council of the O. F. N. C.) Read January 29th, 1886. Ottawa Field-Naturalists' Club Trans. No. 7, vol. 2, No. 3, pp. 342-349, Ottawa, 1887.

15a. —with T. W. E. SOWTER. "Report of the Geological Branch" to the Council of the Ottawa Field Naturalists' Club.—THE OTTAWA NATURALIST, vol. 1, pp. 93-97, 1887, Ottawa.

16. ON THE OCCURRENCE OF SCOLITHUS in Rocks of the Chazy Formation about Ottawa, Ontario. Can. Rec. Sci., vol. 2, pp. 304-306, 1887, Montreal.

17.—NOTES ON AND THE PRECISE GEOLOGICAL HORIZON OF SIPHONOTRETA SCOTICA, DAVIDSON.—Read March 3rd, 1887. THE OTTAWA NATURALIST, or Trans. O. F. N. C., vol. 1, No. 9, pp. 121-126, December, 1887.

18. PRECISE GEOLOGICAL POSITION OF SIPHONOTRETA SCOTICA. CANADIAN MINING REVIEW, vol. 4, Nos. 10-11, January-February, 1887, p. [illegible] (Stratigraphical and Palæontological notes, lists, Utica fossils) Ottawa.

19. NOTES ON THE UTICA AND TRENTON FORMATIONS IN NEW [illegible]BURGH.—CANADIAN MINING REVIEW, vol. 5, No. 4, p. 10, with lists of fossils from the Trenton and Utica formations. Ottawa.

1888.

20. ON UTICA FOSSILS FROM RIDEAU, OTTAWA, ONTARIO.—THE OTTAWA NATURALIST, vol. 1, pp. 165-169, 1888, Ottawa.

21. THE ROCK FORMATIONS OF THE OTTAWA VALLEY AND NATURAL GAS.—CANADIAN MINING REVIEW, vol. 6, No. 4, pp. 43-44, April, 1888, Ottawa.

22. FLORA TEMISCOUATENSIS.—Bulletin of the Torrey Botanical Club, pp. 134-136, May, 1888, New York City.

23. NOTES ON FOSSILS FROM THE UTICA FORMATION at Point à Fic, Murray River, Murray Bay (Quebec), Canada.—CAN. REC. SCI., vol. 3, pp. 104-107, 1888, Montreal.

24. CONTRIBUTION TO THE GEOLOGY AND PALÆONTOLOGY of the Townships of Russell and Cambridge, in Russell, Ont. Part 2. Palæontology.—THE OTTAWA NATURALIST, vol. 2, pp. 139-140, 1888, Ottawa, Can.

25. ON THE SEQUENCE OF THE GEOLOGICAL FORMATIONS ABOUT OTTAWA, with reference to the Natural Gas question.—THE OTTAWA NATURALIST, vol. 2, pp. 93-96, 1888, Ottawa.

26. COAL IN ONTARIO.—CANADIAN MINING REVIEW, vol. 6, No. 2, pp. 18-19, February, 1888, Ottawa (Signed Norman).

27. GEOLOGICAL FEATURES IN THE VICINITY OF THE GOVERNMENT Experimental Farm, near Ottawa.—THE OTTAWA NATURALIST, vol. 2, pp. 71-72, 1888, Ottawa.

28. ON THE SEQUENCE OF THE GEOLOGICAL FORMATIONS ABOUT OTTAWA, with reference to the Natural Gas question. THE OTTAWA NATURALIST, vol. 2, pp. 93-96, 1888, Ottawa.

29. ON THE OCCURRENCE OF "PHOLADIDE NODULES" in the Clay formation about Ottawa, Canada. THE OTTAWA NATURALIST, vol. 2, pp. 45-46, 1888, Ottawa.

30. GEOLOGICAL RELATIONS ALONG THE OTTAWA BELOW THE RIDEAU. THE OTTAWA NATURALIST, vol. 2, p. 48 (one half page) 1888, Ottawa.

31. SYNOPTICAL TABLE OF THE GEOLOGICAL FORMATIONS ABOUT OTTAWA, CANADA.—Being an enlarged and slightly amended issue of the table accompanying the same author's paper on the Succession of Geological Formations in the Ottawa District, published in the CANADIAN MINING REVIEW. Placed on sale at Wm. Foster Brown's, Montreal, and Durie & Sons', Ottawa. (Out of print.)

32. SYSTEMATIC LIST OF FOSSILS, with localities, as referred to in Dr. Ells's "Second Report on the Geology of a Portion of the Province of Quebec, &c., exclusive of those species obtained in the Limestone Conglomerate Bands." Contains nearly 200 species of palæozoic fossils from 36 different localities, which are indicated in the body of Dr. Ells's Report, on pages 10, 11, 15, 16, 17, 18, 19, 20, 21, 22, 23, 41, 41, 50, 52, 53, 54, 55, 56, 57, 59, 60, 61, 64, 65, 66, 67, 68, 69, 73, 76, 77, 78, 79, 80, 81 and 82 of Report K, Geol. Surv. of Can. Ann. Rep. (new series), vol. 3, pt. 2, Appendix, pp. 110k-120k, Montreal, 1888.

1889.

33. REPORTS ON ORGANIC REMAINS obtained by Professor L. W. Bailey and Mr. Wm. McInnes from various Localities and Formations in Northern New Brunswick, etc., embodied in "Report on Explorations and Surveys in Portions of Northern New Brunswick and Adjacent Areas in Quebec and in Maine, U. S." Ann. Rep., Geol. Surv. Can., vol. 3, pt. 2, Report M. Lists of fossil organic remains to be found on pages 14, 15, 16, 18, 19, 21, 30, 31, 32, 33, 34, 35, 37, 40, 41, 44, 45, 46, 48, 49. Montreal, 1889.

34. REPORT OF THE GEOLOGICAL BRANCH—Addressed to the Council of the Ottawa Field Naturalists' Club. Read March 7th, 1889.—THE OTTAWA NATURALIST, vol. 3, No. 3, pp. 36-38, Ottawa, 1889.

35. ON A SPECIES OF GONIOGRAPTUS from the Lævis Formation, Levis, Que.—CAN. REC. SCI., vol. 3, No. 7, pp. 422-428, Montreal.

36. ADDITIONAL NOTES ON GONIOGRAPTUS THEREALE OF McCOY from the Lævis Formation.—CAN. REC. SCI., vol. 3, No. 8, pp. 502-503. Plate. 1889, Montreal.

37. DESCRIPTION OF, AND A DIAGRAM SECTION OF STRATA of the Utica Formation at Sparks's Rapids, Gloucester, near Ottawa, Ont.—Accompanying paper by Dr. Henry Woodward on "Furtilepas Canadensis."—GEOL. MAG., Dec. 3, vol. 6, p. 275, London, England.

38. PALÆONTOLOGY OF DR. ELLS'S SECOND REPORT on the Geology of a Portion of the Province of Quebec, comprising list of fossils from 15 localities. Devonian, Ordovician and Cambrian. 1889, Montreal.

39. CONTRIBUTIONS TO THE GEOLOGY AND PALÆONTOLOGY of the Townships of Russell and Cambridge, in Russell, Ontario.—II. Palæontology.—THE OTTAWA NATURALIST, vol. 2, No. 9, pp. 139-140, 1889, Ottawa.

40. BOOK NOTICES.—(1) Prof. Penhallow, on Nematophyton, etc.; Dr. G. F. Matthew, on Silurian and Devonian Organisms in New Brunswick; (3) Mr. Whiteaves: Devonian Fishes; (4) Prof. T. R. Jones: Palæozoic Bivalve Entomostraca No. 27.—THE OTTAWA NATURALIST, vol. 3, No. 5, pp. 73-77, 1889, Ottawa. Also issued as separate.

41. BOOK NOTICES.—(1) Geological and Natural History Survey of Canada, vol. 3, n. s.; (2) Matthew, on Cambrian Organisms; (3) Sir J. W. Dawson, on Fossil Sponges from Quebec Group of Little Metis; (4) Sir J. W. Dawson, on New Fossil Plants from the North-West; (5) Prof. T. R. Jones, on Malon Ostracoda; (6) Mr. Chalmers, on Glaciation; (7) Dr. G. M. Dawson, on Glaciation in British Columbia; (8) Dr. Hinde, on Ottawa Trenton Springs; (9) Mr. Chalmers, on the St. John Country; (10) Prof. Ulrich, on Micro Palæontology. THE OTTAWA NATURALIST, vol. 3, pp. 101-114, 1889, Ottawa.

42. Book Notices.—(1) Contributions to Canadian Palæontology, part 3, Triassic Fossils of British Columbia, by Mr. Whiteaves; (2) Archæocyathus and other Cambrian Springs, by Dr. G. J. Hinde; (3) Palæontology of New York State, vol. 7, by Prof. J. Hall.—The Ottawa Naturalist, vol. 3, pp. 42-44, 1889, Ottawa.

1890.

43. On the Geology of Quebec City.—Science, vol. 16, No. 409, Dec. 5, 1890, p. 317, New York. Author separates the Quebec City rocks from Lorraine or so called Hudson River, overlying the Utica, and shows its place to be at the top of and with the Quebec group.

44. List of Cambro Silurian (Ordovician) Fossils from Lake St. John.—Report of the Curator of the Museum for 1888-89, Department of Public Instruction, by D. N. St. Cyr, p. 14; also from Beauport, p. 22, by H. M. Ami, do. French edition, pp. 14 and 22, 1890, Quebec.

45. —and A. P. Low.—Report of the Geological Branch of the Ottawa Field-Naturalists' Club. The Ottawa Naturalist, vol. 1, No. 4, pp. 70-73, July, 1890, Ottawa.

1891.

46. Extinct Canadian Vertebrata from the Miocene Rocks of the Northwest Territories of Canada.—The Ottawa Naturalist, vol. 5, No. 4, pp. 74-77, July, 1891, Ottawa. Based on Prof. Cope's report and determinations.

47. On Some Extinct Vertebrata from the Miocene Rocks of the Northwest Territories of Canada, recently described by Prof. Cope.—Science, vol. 18, No. 442, p. 53, July, 1891, New York.

48. On the Geology of Quebec and its Environs.—Bull. Geol. Soc. Amer., vol. 2, pp. 477-500, pl. 20, Rochester. Discussion by A. R. C. Selwyn and C. D. Walcott, pp. 501-502, 1891. Abstracts, Amer. Geol., vol. 8, p. 186 (one half page), 1891, Minneapolis.—Amer. Nat., vol. 25, p. 658 (4 lines), 1891, Philadelphia.

49. Review of "Catalogue of the Fossil Cephalopoda of the British Museum, part 1, 1888; part 2, 1891; London, 1888 and 1891, by Arthur H. Foord, F.G.S." Part 1, 41 species; part 2, 41 species, Caleiforous to Carboniferous. Can. Rec. Sci., vol. 4, No. 7, pp. 397-399, July, 1891, Montreal.

50. On the Sequence of Strata forming the Quebec Group of Logan and Billings, with remarks on the fossil remains found therein.—Amer. Geol., vol. 8, pp. 115-117, 1891, Minneapolis. Abstract of paper presented and read before the Royal Society of Canada, May, 1892. Also published in Science, vol. 16, p. 317, 40, 1890, New York, and in Amer. Geol., vol. 7, p. 11 (one quarter page), 1891, Minneapolis.

51. On the Geology of Quebec City.—Can. Rec. Sci., vol. 4, No. 6, pp. 315-319; list of fossils, page 318; 1891, Montreal, Que. Separation of Quebec series of rocks and fossils as distinct formations or terranes.

1892.

52. On the Geology of Quebec City.—Amer. Jour. Sci., vol. 43, No. 253, pp. 75-77, January, 1892, New Haven, Conn. Gives list of fossils characterizing the Quebec Terrane, pp. 76-77.

53. On the Sequence of Strata forming the Quebec Group of Logan and Billings, with remarks on the fossil remains found therein.—The Ottawa Naturalist, vol. 6, pp. 41-43, 1892, Ottawa.

54. Book Notices. J. F. Whiteaves' Orthoceratites of the Winnipeg Basin.—The Ottawa Naturalist, vol. 6, pp. 68-69, 1892, Ottawa.

55. Additional Notes on the Geology and Palæontology of Ottawa and its Environs.—The Ottawa Naturalist, vol. 6, No. 6, 11 pp., 1892, Ottawa.

56. British Association for the Advancement of Science, Edinburgh, Scotland. Notice of results of meeting.—The Ottawa Naturalist, vol. 6, pp. 78-80, 1892, Ottawa.

57. The Geological Society of America. (The Rochester Meeting).—The Ottawa Naturalist, vol. 6, pp. 82-84, 1892, Ottawa.

58. MINERALOGICAL NOTES.—Review of paper on Manganese Ores in Canada, published in THE AMERICAN GEOLOGIST, by Mr. H. P. Brainerd.—THE OTTAWA NATURALIST, vol. 6, pp. 105-106, 1892, Ottawa.

59. BOOK NOTICE.—Review of Dr. George Vasey's "Grasses of the Pacific Slope, including Alaska and the adjacent islands." THE OTTAWA NATURALIST, vol. 6, pp. 135-137, 1892, Ottawa.

60. Reports on numerous Collections of Fossil Remains from the "Southern Portion of Portneuf, Quebec and Montmorency Counties, Province of Quebec," contained in Mr. A. P. Low's Report for 1891 in Ann. Rep., vol. 5, Geol. Surv. Can., pp. 34, 35, 36, 37, 38, 39, 40, 41, 43, 44, 45. Montreal. Whole volume, 1893. Separate, 1892.

61. REVIEW OF PAPER, by Mr. A. P. Low, "On the Nickel and Copper Deposits of Sudbury, Ontario."—CAN. REC. SCI., vol. 5, No. 1, pp. 68-69, 1892, Montreal. M. H. S.

62. PALÆONTOLOGICAL NOTES.—1. On a Collection of Fossils from the Ordovician of Joliette, in the Province of Quebec, pp. 104-107; 2. On the Occurrence of Fossil Remains on the Manitou Islands, Lake Nipissing, Ont., pp. 107-108.—CAN. REC. SCI., vol. 5, No. 2, pp. 104-108, April, 1892, Montreal.

63. THE CAMBRIAN ROCKS IN CANADA.—CAN. REC. SCI., vol. 5, No. 3, pp. 166-183, July, 1892, Montreal. Continued in vol. 5, No. 4, pp. 234-236, October, 1892, Montreal. Issued as separate, October, 1892, 32 pp., Montreal.

64. NOTES AND DESCRIPTIONS of some new or hitherto unrecorded Species of Fossils from the Cambro-Silurian (Ordovician) Rocks of the Province of Quebec.—CAN. REC. SCI., vol. 5, No. 2, pp. 96-103, April, 1892, Montreal.

65. CATALOGUE OF SILURIAN FOSSILS from Arisaig, Nova Scotia.—Trans. Nova Scotian Inst. Sc. Ser. 2, vol. 1, art. 7, pp. 185-192. Read April 11th, 1892, Halifax, N. S.

1893.

66. THE GEOLOGICAL SOCIETY OF AMERICA. (Ottawa Meeting.)—THE OTTAWA NATURALIST, vol. 6, pp. 152-157, Ottawa, 1893.

67. SIR RICHARD OWEN. An obituary notice.—THE OTTAWA NATURALIST, vol. 7, p. 50, 1893, Ottawa.

68. CATALOGUE OF CANADIAN FOSSIL INSECTS.—Extracted from "The Fossil Insects of North America," vols. 1 and 2, by Prof. S. H. Scudder, with special reference to Canadian Specimens.—CAN. REC. SCI., October, 1893, pp. 488-494. Also as separate.

69. BOOK NOTICE.—Notes on the Gasteropoda of the Trenton Limestone of Manitoba, with a description of one new species, by J. F. Whiteaves, of the Geological Survey of Canada.—CANADIAN RECORD OF SCIENCE, pp. 317-328, April, 1893.—THE OTTAWA NATURALIST, vol. 7, No. 8, pp. 120-130, 1893, Ottawa.

70. NOTES ON THE GEOLOGY AND PALÆONTOLOGY of the Rockland Quarries and Vicinity, in the County of Russell, Ontario, Can. THE OTTAWA NATURALIST, vol. 7, No. 9, pp. 139-147, December, 1893, Ottawa.

71. THE ROYAL SOCIETY OF CANADA.—SCIENCE, vol. 21, No. 540, pp. 315-316, June, 1893, New York. Notice of papers on Geology, Palæontology, etc., by Fellows.

72. ON A SMALL COLLECTION OF FOSSILS from the Trenton Limestones of Port Hope, Ontario.—THE OTTAWA NATURALIST, vol. 7, No. 6, p. 100, September, 1893, Ottawa. Eighteen species recorded.

1894.

73. BOTANY.—"Pellæa densa, Hooker." Notes on its occurrence in Ontario. THE OTTAWA NATURALIST, vol. 7, p. 174, 1893-94, March, 1894, Ottawa.

74. GEOLOGY. Editorial Notes.—THE OTTAWA NATURALIST, vol. 7, p. 173, 1894, Ottawa.

75. MEMORIAL OF AMOS BOWMAN.—Bull. Geol. Soc. Amer., vol. 6, pp. 441-443, 1894, Rochester, N.Y. Biographical notice and Bibliography.

76. with HUGH PILCHER. OBITUARY. Scott Barlow, Esq.—THE OTTAWA NATURALIST, vol. 8, No. 5, pp. 75-77. 1894, Ottawa.

77. NOTICE AND REVIEW of Memoir "On Cyphornis, an Extinct Genus of Birds," by E. D. Cope.—Journ. Acad. Nat. Sci. Phil., vol. 9, pp. 449-452, plate 20. THE OTTAWA NATURALIST, vol. 8, pp. 64-65, 1894, Ottawa.

78. NOTES ON FOSSILS from Quebec City, Canada.—THE OTTAWA NATURALIST, vol. 8, No. 6, pp. 82-90, September, 1894. Reprinted as separate. (Illustrated.)

79. REPORT OF THE GEOLOGICAL BRANCH, 1893-94.—Addressed to the Council of the Ottawa Field Naturalists' Club. THE OTTAWA NATURALIST, vol. 8, No. 7, pp. 102-104, October, 1894. Also as separate.

80. EXCURSION TO GALETTA. Geological Notes. THE OTTAWA NATURALIST, vol. 8, No. 7, p. 109, 1894, Ottawa.

81. GEOLOGY.—The Age of the Niagara River, Mount St. Elias and Mount Logan; Death of George H. Williams; Nepheline Syenite in Ontario (Editorial Notes).—THE OTTAWA NATURALIST, vol. 8, No. 7, pp. 113-114, 1894, Ottawa.

82. GEOLOGICAL NOTES.—Saxicava Sands and Gravels at Carp, Ontario. THE OTTAWA NATURALIST, vol. 8, No. 7, pp. 121-122, 1894, Ottawa.

83. NOTES ON A COLLECTION OF SILURIAN FOSSILS from Cape George, Antigonish County, N. S., with descriptions of four new species.—Trans. Nova Scotian Inst. Sci. Ser. 2, vol. 1, pt. 4, pp. 411-415, October, 1894, Halifax.

84. BOOK NOTICE of E. D. Cope's paper "On Cyphornis, an Extinct Genus of Birds," from Journ. Acad. N. Sc., Phila., vol. 9, pp. 449-452, plate 20, in OTTAWA NATURALIST, vol. 8, No. 4, pp. 64-65, 1894, Ottawa. Cyphornis magnus Cope, described from tarsometatarse obtained on the west coast of British Columbia by Dr. G. M. Dawson.

1895.

85. JAMES DWIGHT DANA. Obituary note.—THE OTTAWA NATURALIST, vol. 9, No. 2, p. 55, May, 1895, Ottawa.

86. NOTES, REVIEWS AND COMMENTS.—"The Geology of Southwestern Nova Scotia" by Dr. L. W. Bailey; "Early Protozoa," by Dr. G. F. Matthew; "The Stratigraphic Base of the Taconic or Lower Cambrian," by Prof. N. H. Winchell; "Second Lake Algonquin," by F. B. Taylor; "Corallence of Favosite Forbesi," by Dr. G. H. Girty. THE OTTAWA NATURALIST, vol. 9, No. 2, pp. 56-58, May, 1895, Ottawa.

87. ZOOLOGY.—Tunicata of the Pacific Coast of North America, Peronophora annectans, n. sp., by W. E. Ritter.—THE OTTAWA NATURALIST, vol. 9, No. 2, pp. 58-59, May, 1895, Ottawa.

88. ZOOLOGY.—"Distribution of the Echinoderms of Northeastern America." The Canadian and Other British North American species.—THE OTTAWA NATURALIST, vol. 9, No. 2, pp. 59-60, May, 1895, Ottawa.

89. GEOLOGY.—The Cretaceous System of Canada, by Dr. Whiteaves. Book notice.—THE OTTAWA NATURALIST, vol. 8, No. 8, pp. 139-141, 1895, Ottawa.

90. NOTES, REVIEWS AND COMMENTS.—Geology. Recent notice of paper by Dr. G. F. Matthew, C. E. Beecher, E. W. Claypole, N. H. Winchell, F. Leslie Ransome and A. W. Vogdes. THE OTTAWA NATURALIST, vol. 9, No. 3, pp. 154-158, June, 1895, Ottawa.

91. NOTES, REVIEWS AND COMMENTS.—"The Potsdam and Calciferous Formations of Quebec and Eastern Ontario," by R. W. Ells; "On Canadian Fossil Protozoa;" "On Silurian Fossils from Cape George, Antigonish County, N. S., by H. M. Ami; "Fossil Ostracoda from Manitoba and Northwest Territories," by T. R. Jones.—THE OTTAWA NATURALIST, vol. 9, No. 1, pp. 20-22, April, 1895, Ottawa.

92. GEOLOGICAL SOCIETY OF AMERICA (Baltimore Meeting).—THE OTTAWA NATURALIST, vol. 9, No. 1, pp. 23-24, April, 1895, Ottawa.

93. BOOK NOTICES.—(1) The Lower Silurian Lamellibranchiata of Minnesota, by E. O. Ulrich; (2) New Species of Ammonites, by J. F. Whiteaves.—THE OTTAWA NATURALIST, vol. 8, No. 8, pp. 160-161, 1895, Ottawa.

94. REPORT OF THE GEOLOGICAL BRANCH, 1894-95.—Addressed to the Council of the Ottawa Field Naturalists' Club. Read December 20th, 1894. THE OTTAWA NATURALIST, vol. 9, No. 8, pp. 167-169, November, 1895, Ottawa.

95. NOTES, REVIEWS AND COMMENTS.—Glacial Deposits in Europe and America, by James Geikie.—THE OTTAWA NATURALIST, vol. 9, No. 8, pp. 170-171, November, 1895, Ottawa.

96. DR. GEORGE DAWSON, PH.D., F.R.S.C., and DON ANTONIO DEL CASTILLO, F.G.S., etc. (Obituary notices.)—THE OTTAWA NATURALIST, vol. 9, No. 9, pp. 180-181, December, 1895, Ottawa.

97. REVIEW OF "PRACTICAL ENTOMOLOGY," of Dr. James Fletcher. OTTAWA NATURALIST, vol. 9, No. 9, pp. 188-189, December, 1895, Ottawa.

98. ENTOMOLOGY.—(1) Canadian Spiders, by J. H. Emerton; (2) Neue amerikanische Hydrachnida von F. Koenike.—THE OTTAWA NATURALIST, vol. 9, No. 9, pp. 182-187, December, 1895, Ottawa.

99. FOSSIL INSECTS from the Leda Clays of Ottawa and Vicinity. Read before the Club, December 20th, 1894. THE OTTAWA NATURALIST, vol. 9, No. 9, pp. 100-101, December, 1895, Ottawa. Description of Dr. Scudder's new species Phryganea ejecta, from Green's Creek nodule.

100. NOTES ON CANADIAN FOSSIL BRYOZOA.—CAN. REC. SCI., vol. 6, No. 4, pp. 222-229, Montreal, 1895. Also as separate.

1896.

101. CANADIAN SPIDERS.—Supplementary Note, by J. B. Tyrrell; Notice of George W. and Elizabeth G. Peckham on Attidæ of North America. THE OTTAWA NATURALIST, vol. 9, No. 10, pp. 204-205, January, 1896, Ottawa.

102. NOTES, REVIEWS AND COMMENTS.—Dr. Wilson's Atlas of the Fertilization and Karyokinesis of the Ovum; Dr. Whiteaves on Cretaceous Fossils from British Columbia; Dr. Coleman on Glacial and Interglacial Deposits near Toronto, etc. THE OTTAWA NATURALIST, vol. 9, No. 10, pp. 205-206, January, 1896, Ottawa.

103. NOTES ON SOME FOSSILS from the Trenton of Highgate Springs, Vermont, near the Canadian boundary line. THE OTTAWA NATURALIST, vol. 9, No. 10, pp. 215-216, 1896, Ottawa. Separate.

104. NOTES, REVIEWS AND COMMENTS.—The Animal Nature of Eozoon, by Sir Wm. Dawson.—THE OTTAWA NATURALIST, vol. 9, No. 11, pp. 228-229, February, 1896, Ottawa.

105. ZOOLOGY.—Canadian Long-tailed and Short-tailed Shrews, and Synopsis of Species from Dr. C. Hart Merriam's North American Fauna, No. 10.—THE OTTAWA NATURALIST, vol. 9, No. 12, pp. 236-238, March, 1896, Ottawa.

106. REPORT OF THE GEOLOGICAL BRANCH.—Addressed to the Council of the Ottawa Field-Naturalists' Club.—THE OTTAWA NATURALIST, vol. 10, No. 1, pp. 17-18, April, 1896, Ottawa.

107. NOTE on Cardinia Subangulata Dawson and Arca puntifer Dawson.—THE OTTAWA NATURALIST, vol. 10, No. 2, p. 44, May, 1897, Ottawa.

108. FIELD DAY AND EXCURSION to Chelsea, Que.—THE OTTAWA NATURALIST, vol. 10, No. 3, pp. 65-68, June, 1896, Ottawa.

109. ROYAL GEOGRAPHICAL SOCIETY OF LONDON.—Awards to Messrs. J. B. Tyrrell and A. P. Low, of the Geological Survey of Canada.—THE OTTAWA NATURALIST, vol. 10, No. 3, p. 70, June, 1896, Ottawa.

110. THE NATIONAL MUSEUM. THE OTTAWA NATURALIST, vol. 10, No. 4, pp. 80-81, July, 1896, Ottawa.

111. SOME COLONIAL MUSEUMS.—(1) The South African Museum; (2) Hobart Museum, Tasmania; (3) Otago Museum, Dunedin, New Zealand; (4) Christ Church Museum, New Zealand; (5) Colonial Museum, New Zealand; (6) Auckland Museum, New Zealand; (7) Australian Museum, Sydney; (8) Mining and Geol. Museum, Sydney; (9) Maclean Museum, Sydney; (10) Technological Museum, Sydney.—THE OTTAWA NATURALIST, vol. 10, No. 4, pp. 81-83, July, 1896, Ottawa.

112. REVIEWS of the Recent Geological, etc., Books. (1) Viscosity in Liquids, by Anthony McGill; (2) The Middle Atlantic Coast Eocene, by W. B. Clark; (3) Queen Charlotte Islands, Crustacea, by Dr. Henry Woodward. THE OTTAWA NATURALIST, vol. 10, No. 3, pp. 89-91, July, 1896, Ottawa.

113. THE ROYAL SOCIETY OF CANADA.—An account of the fifteenth annual meeting. THE OTTAWA NATURALIST, vol. 10, No. 5, pp. 103-112, August, 1896, Ottawa.

114. OBITUARY. Sir Joseph Prestwich and G. E. Daubree.—THE OTTAWA NATURALIST, vol. 10, No. 6, pp. 118-119, September, 1896, Ottawa.

115. THE CHEMICAL LABORATORIES at the Central Experimental Farm.—THE OTTAWA NATURALIST, vol. 10, No. 6, pp. 119-120, September, 1896, Ottawa.

116. NOTES, REVIEWS AND COMMENTS.—Notices of titles and abstracts of Geological papers by F. D. Adams, Dr. J. B. Harrington, F. W. Sardeson, R. Chalmers, T. C. Weston, J. F. James, N. H. Winchell, Chas. E. Beecher, R. H. Tarquair, G. J. Hinde, G. F. Matthew, A. R. C. Selwyn, F. B. Taylor, and other geologists, bearing on Canada. THE OTTAWA NATURALIST, vol. 10, No. 6, pp. 120-128, September, 1896, Ottawa.

117. NOTES, REVIEWS AND COMMENTS.—(1) American Association for the Advancement of Science, Buffalo meeting, 1896; (2) Essai de Paleographie, by F. Cairn. THE OTTAWA NATURALIST, vol. 10, No. 7, pp. 140-141, Ottawa, October, 1896.

118. OTTAWA FIELD-NATURALISTS' CLUB.—Last excursion of the season to Galetta, Ont.—THE OTTAWA NATURALIST, vol. 10, No. 7, pp. 141-144, October, 1896, Ottawa.

119. NEW SPECIES OF GRAPTOLITES FROM CANADA.—THE OTTAWA NATURALIST, vol. 10, No 8, pp. 145-147, November, 1896, Ottawa. Dr. R. R. Gurley's species.

120. CHARLES WACHSMUTH, Palæontologist.—THE OTTAWA NATURALIST, vol. 10, No. 8, pp. 150, November, 1896, Ottawa. (Obituary notice.)

121. NOTES, REVIEWS AND COMMENTS.—Bibliographic notes and notices, and reviews of papers by Dr. G. F. Matthew, J. B. Tyrrell, L. M. Lambe, G. Van Ingen and F. G. White, H. P. Cushing, Sir Archibald Geikie, Dr. L. W. Bailey, Dr. J. W. Spencer, and A. Hyatt, on various biological or geological subjects.—THE OTTAWA NATURALIST, vol. 10, No. 8, pp. 152-163, November, 1896, Ottawa.

122. NOTES, REVIEWS AND COMMENTS.—(1) Rainy Lake Anorthosites, by Dr. Coleman; (2) The Genesis of Lake Agassiz, by T. B. Tyrrell.—THE OTTAWA NATURALIST, vol. 10, No. 9, pp. 183-184, December, 1896, Ottawa.

123. PRELIMINARY LIST of the organic remains occurring in the various geological formations in the southwest quarter-sheet map of the Eastern Townships of the Province of Quebec. Ann. Rep. Geol. Surv. Can., Vol. 7, n. s. Also separate, 45 pp.

124. NOTES on some of the fossil organic remains in the geological formations and outliers of the Ottawa Paleozoic Basin. Trans. Roy. Soc. Can., 2nd series, vol. 2, sec 4, pp. 151-158. Issued as separate, 1896.

1897.

125. NOTES, REVIEWS AND COMMENTS.—(1) Canadian Stromatoporoids; (2) Review of Bulletin of the Natural History Society of New Brunswick, No. 14, 66 pp., issued 1896; (3) The Geological Survey of Canada, Annual Report, vol. 7.—THE OTTAWA NATURALIST, vol. 10, No. 10, pp. 196-200, January, 1897, Ottawa.

126. OTTAWA HYDRACHNIDA.—Notice of Von Koenike's "Zur systematik der Gattung Eylaïs, &c.—THE OTTAWA NATURALIST, vol. 10, pp. 221-222, No. 12, March, 1897, Ottawa.

127. NOTICES AND REVIEWS of Recent Geological Literature.—(1) Classification of Trilobites, by Dr. C. E. Beecher; (2) Silurian Strata in the Big Horn Mountains, Wyoming; (3) Papers by W. O. Crosby, J. G. Aquilera, S. Calvin, T. L. Watson, J. B. Kimball, T. W. Stanton, J. J. Jahn, and others. THE OTTAWA NATURALIST, vol. 10, No. 12, pp. 227-232, March, 1897, Ottawa.

128. EARTHQUAKE AT OTTAWA of March 23rd, 1897.—THE OTTAWA NATURALIST, vol. 10, No. 12, p. 232, March, 1897, Ottawa.

129. REPORT OF THE GEOLOGICAL BRANCH of the Ottawa Field Naturalists' Club, for 1896-97. THE OTTAWA NATURALIST, vol. 11, No. 1, pp. 17-19, April, 1897, Ottawa.

130. CONTRIBUTION TO THE PALÆONTOLOGY of the Post Pliocene Deposits of the Ottawa Valley.—THE OTTAWA NATURALIST, vol. 11, No. 1, pp. 20-26, April, 1897, Ottawa. Issued as separate.

131. THE SIXTY-SEVENTH ANNUAL MEETING of the British Association, to be held in Toronto, August 18-25, 1897.—THE OTTAWA NATURALIST, vol. 11, No. 3, pp. 67-68, June, 1897, Ottawa.

132. OBITUARY NOTICES.—(1) The late N. J. Giroux, pp. 68-70; (2) the late Prof. E. D. Cope, pp. 70-71.—THE OTTAWA NATURALIST, vol. 11, No. 3, pp. 68-71, June, 1897, Ottawa.

133. THE ROYAL SOCIETY, London, England.—THE OTTAWA NATURALIST, vol. 11, No. 6, pp. 122-123, September, 1897, Ottawa.

134. NOTES ON THE GEOLOGY OF CHELSEA, QUE., and some of its bearings upon the Geology of Ottawa.—THE OTTAWA NATURALIST, vol. 11, pp. 125-127, September, 1897, Ottawa. Reprinted with emendations, issued 1898, Ottawa.

135. OBITUARY. Edmond von Mojsesovics.—THE OTTAWA NATURALIST, vol. 11, No. 8, p. 158, November, 1897, Ottawa.

136. RECENT GEOLOGICAL PUBLICATIONS.—W. D. Matthew, J. T. Coleman, A. Blue, etc. THE OTTAWA NATURALIST, vol. 11, No. 8, p. 15[illegible] Ottawa, November, 1897.

137. SYNOPSIS OF THE GEOLOGY OF MONTREAL.—5 pp., author's edition, December, 1897. Ex. Brit. Medical Assoc. Guide and Souvenir, pp. 45-49, Montreal, 1897. Issued Montreal, Canada, July, 1897.

138. ON THE FLORA OF MONTREAL ISLAND.—Brit. Med. Assoc. Guide and Souvenir, pp. 50-52, (not signed), Montreal.

139. REVIEW of "The Geol. and Nat. Hist. Surv. of Minnesota, 1892-1896, vol. 3, part 2, Palæontology."—THE AMER. GEOL., vol. 19, No. 5, pp. 346-349, May, 1897, not completed, Minneapolis, Minn.

140. ON SOME NEW or hitherto little known Palæozoic formations in North-eastern America.—Report Brit. Assoc. Adv. Sci., 1897, p. 657, London, 1898.

1898

141. ON THE STATE OF THE PRINCIPAL MUSEUMS in Canada and Newfoundland.—Report Brit. Assoc., Sec. C, Toronto, 1897, 13 pp., London, 1898.

142. THE MASTODON IN WESTERN ONTARIO.—(Abstract) SCIENCE, new series, vol. 7, p. 80, 1898.

143. THE GEOLOGICAL SOCIETY OF AMERICA.—Tenth winter meeting, Montreal, Canada, 1897.—THE OTTAWA NATURALIST, vol. 11, No. 12, pp. 221-224, Ottawa, Canada, 1898.

144. FRESH WATER found by boring in granite and other hard crystalline rocks. THE OTTAWA NATURALIST, vol. 12, No. 4, pp. 89-90, 1898, Ottawa, Canada.

144a. BRITISH ASSOCIATION for the Advancement of Science.—THE OTTAWA NATURALIST, vol. 11, No. 10, pp. 190-192, January, 1898, Ottawa.

145. OBITUARY. James Hall, Palæontologist.—THE OTTAWA NATURALIST, vol. 12, No. 6, pp. 114-115, 1898, Ottawa, Canada.

146. NOTES AND REVIEWS.—(a) Natural History in New Brunswick, (b) Moulding Marble under Pressure.—THE OTTAWA NATURALIST, vol. 12, Nos. 7 and 8, pp. 143-145, October and November, 1898, Ottawa.

147. NOTE ON THE PHYSIOGRAPHY AND GEOLOGY of King's County, Nova Scotia.—THE OTTAWA NATURALIST, vol. 12, Nos. 7 and 8, October and November, 1898, pp. 149-150. (Reprinted as separate, 3 pp.)

148. THE GEOLOGICAL SOCIETY OF AMERICA. (The Eleventh Annual Winter Meeting, New York).—THE OTTAWA NATURALIST, vol. 12, No. 10, pp. 194-198, January, 1899, Ottawa.

149. NOTES, REVIEWS AND COMMENTS. (The fossils of the Hamilton formation, by J. F. Whiteaves).—THE OTTAWA NATURALIST, vol. 12, No. 10, pp. 202-203, January, 1899, Ottawa.

150. [illegible] PROFESSOR H. ALLEYNE NICHOLSON.—THE OTTAWA NATURALIST, vol. 12, No. 10, p. 204, January, 1899, Ottawa.

151. ON THE BURROWING HABITS OF CRABS, the Crayfish. THE OTTAWA NATURALIST, vol. 12, No. 12, p. 267, March, 1899, Ottawa.

152. NOTES, REVIEWS AND COMMENTS.—(1) Giant Ripple Marks, (2) Fine Microscopic Material.—THE OTTAWA NATURALIST, vol. 12, No. 112, pp. 269-270, March, 1899, Ottawa.

153. PROGRESS OF GEOLOGICAL WORK IN CANADA during 1898. THE OTTAWA NATURALIST, vol. 13, No. 2, pp. 52-55, May, 1899, Ottawa. Also as separate.

154. [illegible] (a) The Gold Measures of Nova Scotia and Deep Mining, by F. E. Laribault, (b) Wachsmuth and Springer's Monograph on Crinoid; F. A. Bather's notes thereon. THE OTTAWA NATURALIST, vol. 13, No. 4, pp. 114-115, July, 1899, Ottawa.

155. PALÆONTOLOGICAL NOTES.—Notice of Palæontological Writings in Summary Rep. Geol. Survey, Canada. THE OTTAWA NATURALIST, vol. 13, No. 4, p. 116, July, 1899, Ottawa.

156. EXCURSION TO QUEEN'S PARK, Aylmer, Geology. THE OTTAWA NATURALIST, vol. 13, No. 5, pp. 131-132, August, 1899. (Palæontological and stratigraphical notes recorded.)

157. EXCURSION TO CUMBERLAND, Ont., Geology. THE OTTAWA NATURALIST, vol. 13, No. 5, pp. 133-134, August, 1899, Ottawa. (Palæontological and stratigraphical notes.)

158. OBITUARY.—O. C. Marsh.—THE OTTAWA NATURALIST, vol. 13, No. 5, pp. 135-136, August, 1899, Ottawa.

159. REVIEW. T. C. Weston's Reminiscences Among the Rocks.—THE OTTAWA NATURALIST, vol. 13, No. 7, p. 174, October, 1899, Ottawa.

1899.

160. BELLINURUS GRANDÆVUS, a new species of Palæozoic Crustaceans, recently described by Prof. T. R. Jones and Dr. Henry Woodward, from the Eo-Carboniferous of Riversdale, Nova Scotia.—THE OTTAWA NATURALIST, vol. 13, No. 9, pp. 207-209, December, 1899, Ottawa.

161. ON SOME CAMBRO-SILURIAN AND SILURIAN FOSSILS from the Lake Nipissing, Temiscaming and Mattawa Outliers. Appendix 11, Part 1, Geol. Surv., Can. (Ann. Rep.), vol. 10, Part 1, pp. 289-302, 1899, Ottawa.

162. ON A NEW OR HITHERTO UNRECOGNIZED GEOLOGICAL HORIZON, in the Gas and Oil Region of Western Ontario, Canada. Journ. Can. Min. Instit., vol. 2, pp. 186-191, two plates and several figures, 1899, Ottawa.

163. ON THE GEOLOGY OF WOLFVILLE and part of the Basin of Minas, Nova Scotia. THE EVANGELINE JOURNAL, p. 2, third edition, season 1899, Rockwell & Co., Wolfville, N.S.

164. REPORT on the age of certain Palæozoic formations in Kings, Hants, Antigonish, Annapolis, Colchester, Cumberland, in Nova Scotia. Sum. Rep. Geol. Surv. Dept. for year 1898, pp. 180-182, 1899, Ottawa.

165. (LIST OF FOSSIL ORGANIC REMAINS from the altered grey slates with shaly bands from six miles west of Canterbury station, along the St. Andrew's and Woodstock branch C.P.R.) Sum. Rep. for 1898, Geol. Surv. Can., p. 137, 1899, Govt. Printing Bureau, Ottawa.

166. (NOTE ON THE GEOLOGY OF DUCK ISLANDS, Lake Huron). Sum. Rep. Geol. Surv. Dept. for the year 1898, pp. 176-180, 1899, Ottawa.

167. REPORT OF THE GEOLOGICAL BRANCH (addressed to the Council of the Ottawa Field-Naturalists' Club, March, 1899).—THE OTTAWA NATURALIST, vol. 13, No. 9, pp. 218-223, December, 1899. (Palæontological and stratigraphical notes in Ottawa district).

168. MEMOIR OF SIR J. WILLIAM DAWSON, by Frank D. Adams, with Bibliography by H. M. Ami. Bull. Geol. Soc. Amer., vol. 2, pp. 550-580, with plate, 1899.

169. SIR WILLIAM DAWSON.—L'Aurore, 34e, Année, No. 50, pp. 4 & 5, 1899, Montreal.

170. (SILURIAN FOSSILS recorded from Burnt Island, Manitoulin Island, Lake Huron, the nearest outcrop of fossiliferous limestone to the Duck Islands). Sum. Rep. Geol. Surv. Dept. for year 1898, p. 179, 1899. Govt. Printing Bureau, Ottawa.

171. ON SOME TRENTON (Ordovician) FOSSILS from the light-grey limestones of Cumberland, County of Russell, Ontario, Canada. THE OTTAWA NATURALIST, vol. 13, No. 10, pp. 238-240, January, 1900, Ottawa.

172. PALÆONTOLOGICAL NOTES.—New species recently described and recorded by Dr. G. F. Matthew. (a) From the Upper Cambrian of Mount Stephen, B.C. (b) Cambrian Faunas from Newfoundland. (c) The Etcheminian Fauna of Smith Sound, Newfoundland. A new Trilobite from Mount Stephen, B.C., described by Mr. F. R. Cowper Reed.—THE OTTAWA NATURALIST, vol. 13, No. 10, pp. 240-244, January, 1900, Ottawa. (Reprinted as separate with foregoing).

1900.

173. PROGRESS OF GEOLOGICAL WORK in Canada during 1899.—Can. Rec. Sci., vol. 8, No. 4, 15 pp., July, 1900, Ottawa. Also as separate.

174. ANNUAL ADDRESS of the President of the Ottawa Field-Naturalists' Club, H. M. Ami, M.A., F.G.S., delivered November 28, 1899.—THE OTTAWA NATURALIST, vol. 13, No. 11, pp. 203-276, February, 1900. Also as separate.

175. APPENDIX TO PRESIDENT'S ADDRESS, delivered before the Ottawa Field-Naturalists' Club.—THE OTTAWA NATURALIST, vol. 13, No. 12, pp. 279-294, also 205-315, Ottawa, 1900. Also issued as separate.

176. ZOOLOGICAL NOTES.—(1) The Squid in St. John Harbour, September 2nd, 1899. (2) British American Echinoderms.—THE OTTAWA NATURALIST, vol. 14, No. 3, pp. 55-56, June, 1900, Ottawa.

177. BOOK NOTICES AND REVIEWS.—Mr. B. E. Walker's paper, Canadian Surveys and Museums and the need of increased expenditure thereon.—THE OTTAWA NATURALIST, vol. 14, No. 4, pp. 74-76, July, 1900, Ottawa.

178. THE BILLINGS MEMORIAL. A portrait to be placed in the Geological Survey Department.—THE OTTAWA NATURALIST, vol. 14, No. 5, pp. 91-92, August, 1900, Ottawa. Also as separate.

179. BOOK NOTICES AND REVIEWS.—Revision of American Voles of the genus Microtus, by Vernon Bailey. (The British American species).—THE OTTAWA NATURALIST, vol. 14, No. 5, pp. 97-98, August, 1900, Ottawa.

180. ON THE OCCURRENCE OF A SPECIES OF WHITTLESEYA in the Riversdale formation (Eo-Carboniferous) of the Harrington River along the boundary line between Colchester and Cumberland Counties, Nova Scotia, Canada.—THE OTTAWA NATURALIST, vol. 14, No. 5, pp. 99-100, August, 1900, Ottawa. (Also issued as separate).

181. NOTES bearing on the Devono-Carboniferous Problem in Nova Scotia and New Brunswick. (Based on Dr. David White's recent report, "The Stratigraphic Succession of the Fossil Floras of the Pottsville Formation in the Southern Anthracite Coal Field, Pennsylania").—THE OTTAWA NATURALIST, vol. 14, No. 6, pp. 121-127, October, 1900, Ottawa. (Reprinted as separate).

182. A NATIONAL MUSEUM.—EX. THE OTTAWA NATURALIST, vol. 14, No. 8, pp. 151-152, November, 1900, Ottawa.

183. ZOOLOGICAL NOTES.—A Canadian Pocket Mouse. (Perognathus Lordi, Gray).—THE OTTAWA NATURALIST, vol. 14, No. 9, pp. 173-174, December, 1900, Ottawa.

184. OBITUARY.—(1) Charles Jules Edmé Brongniart. (2) Wilhelm Heinrich Waagen. THE OTTAWA NATURALIST, vol. 14, No. 9, pp. 174-175, December, 1900, Ottawa.

185. ON THE SUBDIVISIONS OF THE CARBONIFEROUS SYSTEM in Eastern Canada, with special reference to the position of Union and Riversdale formations of Nova Scotia, referred to the Devonian System by some Canadian geologists.—Trans. Nova Scotian Institute of Science, vol. 10, Session 1899-1900, pp. 162-178. (Read December 11, 1899). (Reprinted as separate).

186. NOTE on some of the formations belonging to the Carboniferous system in Eastern Canada. Can. Rec. Science, vol. 8, No. 3, January, 1900, issued April, 1900, pp. 149-168. (Reprinted as separate).

187. "GEOLOGICAL SURVEY OF CANADA, by George Mercer Dawson, C.M.G., F.R.S., etc., Director. Annual Report. New Series, vol. 10, Ottawa, December, 1899."—Can. Rec. Science, vol. 8, No. 3, for January, 1900, pp. 201-203, issued April, 1900. (Reprinted as separate). Also Science N.S., vol. 11, No. 265, February 16, 1900, pp. 266-268. A review.

187a. SIR JOHN WILLIAM DAWSON.—The American Geologist, vol. 26, No. 1, pp. 1-46, July, 1900, Minneapolis. (Also as separate with emendations and additions to the Bibliography, etc.)

188. CANADIAN GEOLOGICAL NOMENCLATURE, by Dr. R. W. Ells, Trans. Roy. Soc. Can., vol. 5, 2nd series, Sec. 4, pp. 3-38.—THE OTTAWA NATURALIST, vol. 8, No. 10, pp. 251-2[illegible] January, 1900, Ottawa. (Also issued as separate).

189. ROYAL SOCIETY OF CANADA.—Report of 10th Meeting, held at Ottawa, May 28-31, 1900. Science, New York, June, 1900.

190. REPORT of the Ottawa Field-Naturalists' Club, 1900.—Trans. Royal Society of Canada, second series, 1900-1901, vol. 6, Proc. (Also as separate, 14 pp.

191. PALÆONTOLOGICAL NOTES. Arctic Fossils recently described by Prof. R. P. Whitfield.—THE OTTAWA NATURALIST, vol. 14, No. 10, pp. 190-191, January, 1901, Ottawa.

192. BOOK NOTICE. The Palæozoic forms of Para, Brazil including description of a new species from the Middle Silurian of Cape East, Anticosti, Canada, by J. M. Clarke.—THE OTTAWA NATURALIST, vol. 14, No. 10, January, 1901, pp. 191-194, January, 1901, Ottawa.

193. ANNUAL ADDRESS of the President of the Ottawa Field-Naturalists' Club (delivered December 11th, 1900), with portrait of Elkanah Billings.—THE OTTAWA NATURALIST, vol. 14, No. 11, pp. 197-211, February, 1901, Ottawa.

193a. ANNUAL ADDRESS of the Ottawa Field-Naturalists' Club, delivered December 11, 1900 (containing a summary of the work of the Club during the past year, and brief Biographical notes on Archibald Lampman and Elkanah Billings (portrait).—THE OTTAWA NATURALIST, vol. 14, No. 11, pp. 197-211, February, 1901, Ottawa.

194. REVIEW of Dowling's "Index to the Reports of Progress for the Geological Survey of Canada from 1863-1884."—THE OTTAWA NATURALIST, vol. 14, No. 12, pp. 235-236, March, 1900, Ottawa, Science, N.S., vol. 11, pp. , New York City.

1901.

195. ON THE GEOLOGY of the Principal Cities in Eastern Canada.—Trans. Royal Society of Canada, 2nd series, vol. 6, Sec. 4, pp. 125-120 (with systematic tables), March, 25, 1901. Also issued as separate.

196. SYNOPSIS OF THE GEOLOGY OF CANADA.—Being a summary of the principal terms employed in Canadian Geological Nomenclature. Trans. Royal Society of Canada, 2nd series, vol. 6, Sec. 4, pp. 187-225, March 25, 1901. (Also issued as separate).

197. PALÆONTOLOGICAL NOTES.—(Records of British North American Species). Observations on and descriptions of Arctic Fossils, by R. P. Whitfield. Extracted from Bulletin of the Amer. Mus. Nat. Hist., vol. 13, Art. 2, pp. 19-22, plates I and II. New York, April 6, 1901. THE OTTAWA NATURALIST, vol. 14, No. 10, pp. 190-196, January, 1901, Ottawa. (Also issued as separate).

198. ADDENDA AND CORRIGENDUM to "Progress of Geological Work in Canada during 1899.—Can. Rec. Sci., vol. 8, No. 5, pp. 329-331, for January, 1901, Montreal. (Also as separate).

199. SUMMARY REPORT of a palæontological survey of the Silurian formations along the Arisaig coast of Antigonish County, Nova Scotia, and of work carried on in the office of the Geological Survey of Canada for the year 1900. Sum. Rep. Geol. Surv. Dept. for year 1900, pp. 178-182, Ottawa, 1901. Printed by order of Parliament.

200. NOTICE of Prof. E. D. Cope's article "On *Cyphornis*, an extinct genus of birds."—CAN. REC. SC., vol. 8, No. 5, pp. 331-332, January, 1901, Montreal. Same as No. 77, with additional information obtained from Dr. G. M. Dawson.

201. ON A NEW or hitherto unrecognized geological formation in the Devonian System of Canada.—CAN. REC. SC., vol. 8, No. 5, pp. 296-305, January, 1901, Montreal.

202. BRIEF BIOGRAPHICAL SKETCH of Elkanah Billings (portrait, and list of his writings).—THE AMER. GEOLOGIST, vol. 27, No. 5, pp. 265-281, May, 1901, Minneapolis, Minn., U.S.A.

203. THE KNOYDART FORMATION IN NOVA SCOTIA—a bit of the Old Red Sandstone of Europe. Notice of paper by H. M. Ami, read before the Geol. Soc. of America at the Albany Meeting, December, 1900, giving the subdivisions of Silurian of the Arisaig Coast of Nova Scotia.—SCI., vol. 13, No. 317, p. 133, January 25th, 1901.

204. STRATIGRAPHICAL NOTE (giving subdivisions of the Devonian and Silurian of the Arisaig Coast, Nova Scotia).—SCIENCE, n.s., vol. 13, No. 323, pp. 394-395, March, 1901. New York City.

205. ANNUAL ADDRESS of the President of the Ottawa Field-Naturalists' Club (containing sketch of life and works of Elkanah Billings, Palæontologist of the Geological Survey of Canada, from 1856 to 1876).—THE OTTAWA NATURALIST, vol. 14, No. 11, pp. 197-212, February, 1901, Ottawa.

206. KNOYDART FORMATION OF NOVA SCOTIA.—Read before the Geol. Soc. of America, December 28, 1900.—BULLETIN GEOL. SOC. AMER., vol. 12, pp. 301- . Illustrated. (In the press).

207. DESCRIPTION OF NEW TRACKS made by some fish-like organism, from the fine-grained Siliceous Mudstones of the Knoydart formation (Eo-Devonian) of Antigonish County, Nova Scotia. (Read before the Nova Scotian Institute of Science, May 13th, 1901). Proc. and Trans. Nov. Scot. Inst. Sc., Halifax, N.S. (In the press).
